World Conservation Award requirements for Venturers

Complete the Ecology elective for the Ranger Award:

Show the relationships of global events and conditions, both political and environmental, to the areas that you described in steps 1 and 2 of the Ecology elective. Determine how conditions in your local area also appear in other areas around the world. Describe some of the interrelationships between people and our natural resources that affect our global environment. Teach others in your crew, another crew, a Cub Scout or Boy Scout group, or another group about the interconnectivity that we all have with each other and our environment.
