United Nations 17 Sustainable Development Goals

- View #HeforShe video

- Explore the 17 Sustainability Goals on the back of the Passport

Minecraft

Join the Girls Who Code team in their Global Village to work on Habitat for Humanities homes in:

- Sri Lanka
- Uganda
- Romania
- Nepal
- Malawi

Offline Activities

Games and Music

- International Games like dominoes, hopscotch, mancala
- Ranger Shea's International Music Spotify Playlist
- Sound Music Instrument Kit

Walk or Bike to Connect. Put on your shirt and ...

- Walk the Healthy Streets. <http://www.austintexas.gov/HealthyStreets> In many developing countries like Kenya, students walk about 6 kilometers to and from school. Map out a route and think about what it would be like to walk about 13 miles every day.
- Consider biking as transportation or in competition. Now that you've walked the 3.7 miles each way, try biking it. See what a difference it would make in your life. Learn about the importance of bikes in other countries. Learn about bicycle racing such as the Tour de France.

Experience International Cuisine

- Dine at an immigrant or refugee owned restaurant. Many restaurant owners have shared videos about their cuisine. Did you know that Thailand includes Scouting in their schools so most Thai immigrants were in Scouting?

Learn about housing around the world.

- Build a Lego model of a Habitat for Humanities Global Villages home. Plans will be available on our Facebook page
- Play Minecraft with Scouts from around the world on our special Minecraft platform where we'll build a virtual Global Habitat for Humanity House in Sri Lanka

Organize your own Trash Pick Up
