

Adventures in the Box vs Separate Add-ons?

Thank you for your interest in our Adventure Program. For the program year of 2021-2022 we will no longer produce two boxes per rank. We have instead moved more Adventures into the boxes with the remaining Adventures now under the Add-on selections. This allows us to still produce quality program but allow for flexibility in planning your yearly program. We know that youth have passions and sometimes just want that one extra award. This method should allow for you as family to meet that passion without absorbing the cost of program that is of less interest. Lastly the Boxes do remain an inclusive bundle as we believe it to be critical that the base program allow for a youth to earn their rank. As such the boxes will continue to include all the required adventures, but now include more Elective Adventure choices than the previous box.

Below you can find a list of where each Adventure is located by Rank. Those listed under “Required” and “Elective” are included in the Box. Those listed under “Add-on” are not included in the box, but available for purchase separately.
