### **2021 Eagle class reception – Challenge Coin policy**

When we moved this year's Eagle reception from its original date due to Travis County's State 5 health conditions, we created a conflict with three districts' camporees. While some Eagles will choose to attend the Eagle reception, we don't want to penalize those who choose to attend camporee with their unit. With this in mind, we will temporarily amend rules for coin presentation. For this year's event only, the following rules apply:

- All 2021 Eagles are encouraged to attend the reception event on April 2 at the Fickett Center. Each 2021 Eagle in attendance will receive one Eagle challenge coin each at no charge.
- **All 2021 Eagles in Bee Cave, Chisholm Trail, and Thunderbird District attending their district's camporee April 1-3, 2022, will also be eligible to receive one Eagle challenge coin each at no charge.** These coins will be reserved until May 2, 2022, at the Steve Matthews Scout Shop and available for these Eagles, their parents, or a unit representative to pick up. The Shop staff will have a list of Eagles, by unit, from these districts to confirm eligibility.
- After May 2, 2022, any 2021 Eagle or collector may purchase remaining coins from the Scout Shop, while supply lasts.
