

**CAMP GREEN DICKSON SCOUT CAMP  
PROPOSED TARGET RANGE  
3360 COUNTY ROAD 381, GONZALES, TEXAS 79629**

An Environmental Assessment (EA) for the proposed construction of an outdoor rifle range, archery pavilion, and two bathhouses at the Camp Green Dickson Scout Camp is being prepared in accordance with Texas Parks and Wildlife Department (TPWD) and U.S. Fish & Wildlife Service (USFWS) guidelines, and in accordance with the National Environmental Policy Act.

Camp Green Dickson would provide Boy Scouts with access to hunter education programs and the opportunity to develop firearm and archery skills.

There are currently no publicly accessible shooting range facilities compliant with National Rifle Association or National Shooting Sports Foundation safety design guidelines within the region. The purpose of the project is to provide increased public access and to expand local and regional gun range capacity for the Boy Scouts that attend the camp in Gonzales, Texas.

Camp Green Dickson has applied for a grant for the proposed project under the USFWS Wildlife and Sport Fish Restoration Program. The grant is being administered by the TPWD. The project construction is planned to occur during the latter part of 2023 immediately following completion of the EA process.

Questions regarding administration of the grant should be directed to the TPWD at (512) 389-8401 or via email at [education@tpwd.texas.gov](mailto:education@tpwd.texas.gov). Questions regarding the LPSR project should be directed to Mr. Vince McElhaney at (512) 415-2419 or by email through the Capitol Area Council #564 Boy Scouts of America website: <https://www.bsacac.org/about/contact/>.
